

## Registration Form

PORTUGUESE SURF SCHOOL ASSOCIATION

The **Portuguese Surf School Association** was created to respond to the current national context of rapid growth of surf education operators, through the application of sustainability principles in the management and regulation of this activity. It is a non-profit association, created and managed by coaches and owners of surf schools and surf camps, which aims to be the voice of this sector in mainland and insular Portugal. At a time of constant changes to the legislative and regulatory context of this activity, **AESP** appears as the first entity to act professionally and full-time, invested in defending the interests of these operators. Its performance is centered on constant articulation with the entities responsible for regulating this activity across the country, in order to ensure a fair and balanced context, centered on the provision of quality and safety services.

To join **AESP**, you must complete this form, sign it and send it to [info@associacaoescolasdesurf.pt](mailto:info@associacaoescolasdesurf.pt), accompanied by proof of payment of the fee.
